Writing a paragraph

TIME AND MONEY

What happens to your money when you save \$25 every month?

	3% (interest*)	6% (interest)
20 years	\$8,228	\$11,609
30 years	\$14,605	\$25,238
40 years	\$23,209	\$50,036

Interest
is money that
a bank pays
you when you
have your
money there.

EXERCISE

Write a paragraph.

Read the paragraph first. Then, rewrite it by adding one word or phrase from each numbered column to the space with the same number. Not all choices are correct.

①

buy
learn
understand

②

cash
fruit
money

③

week
month
calendar

④

correctly
overnight
immediately

⑤

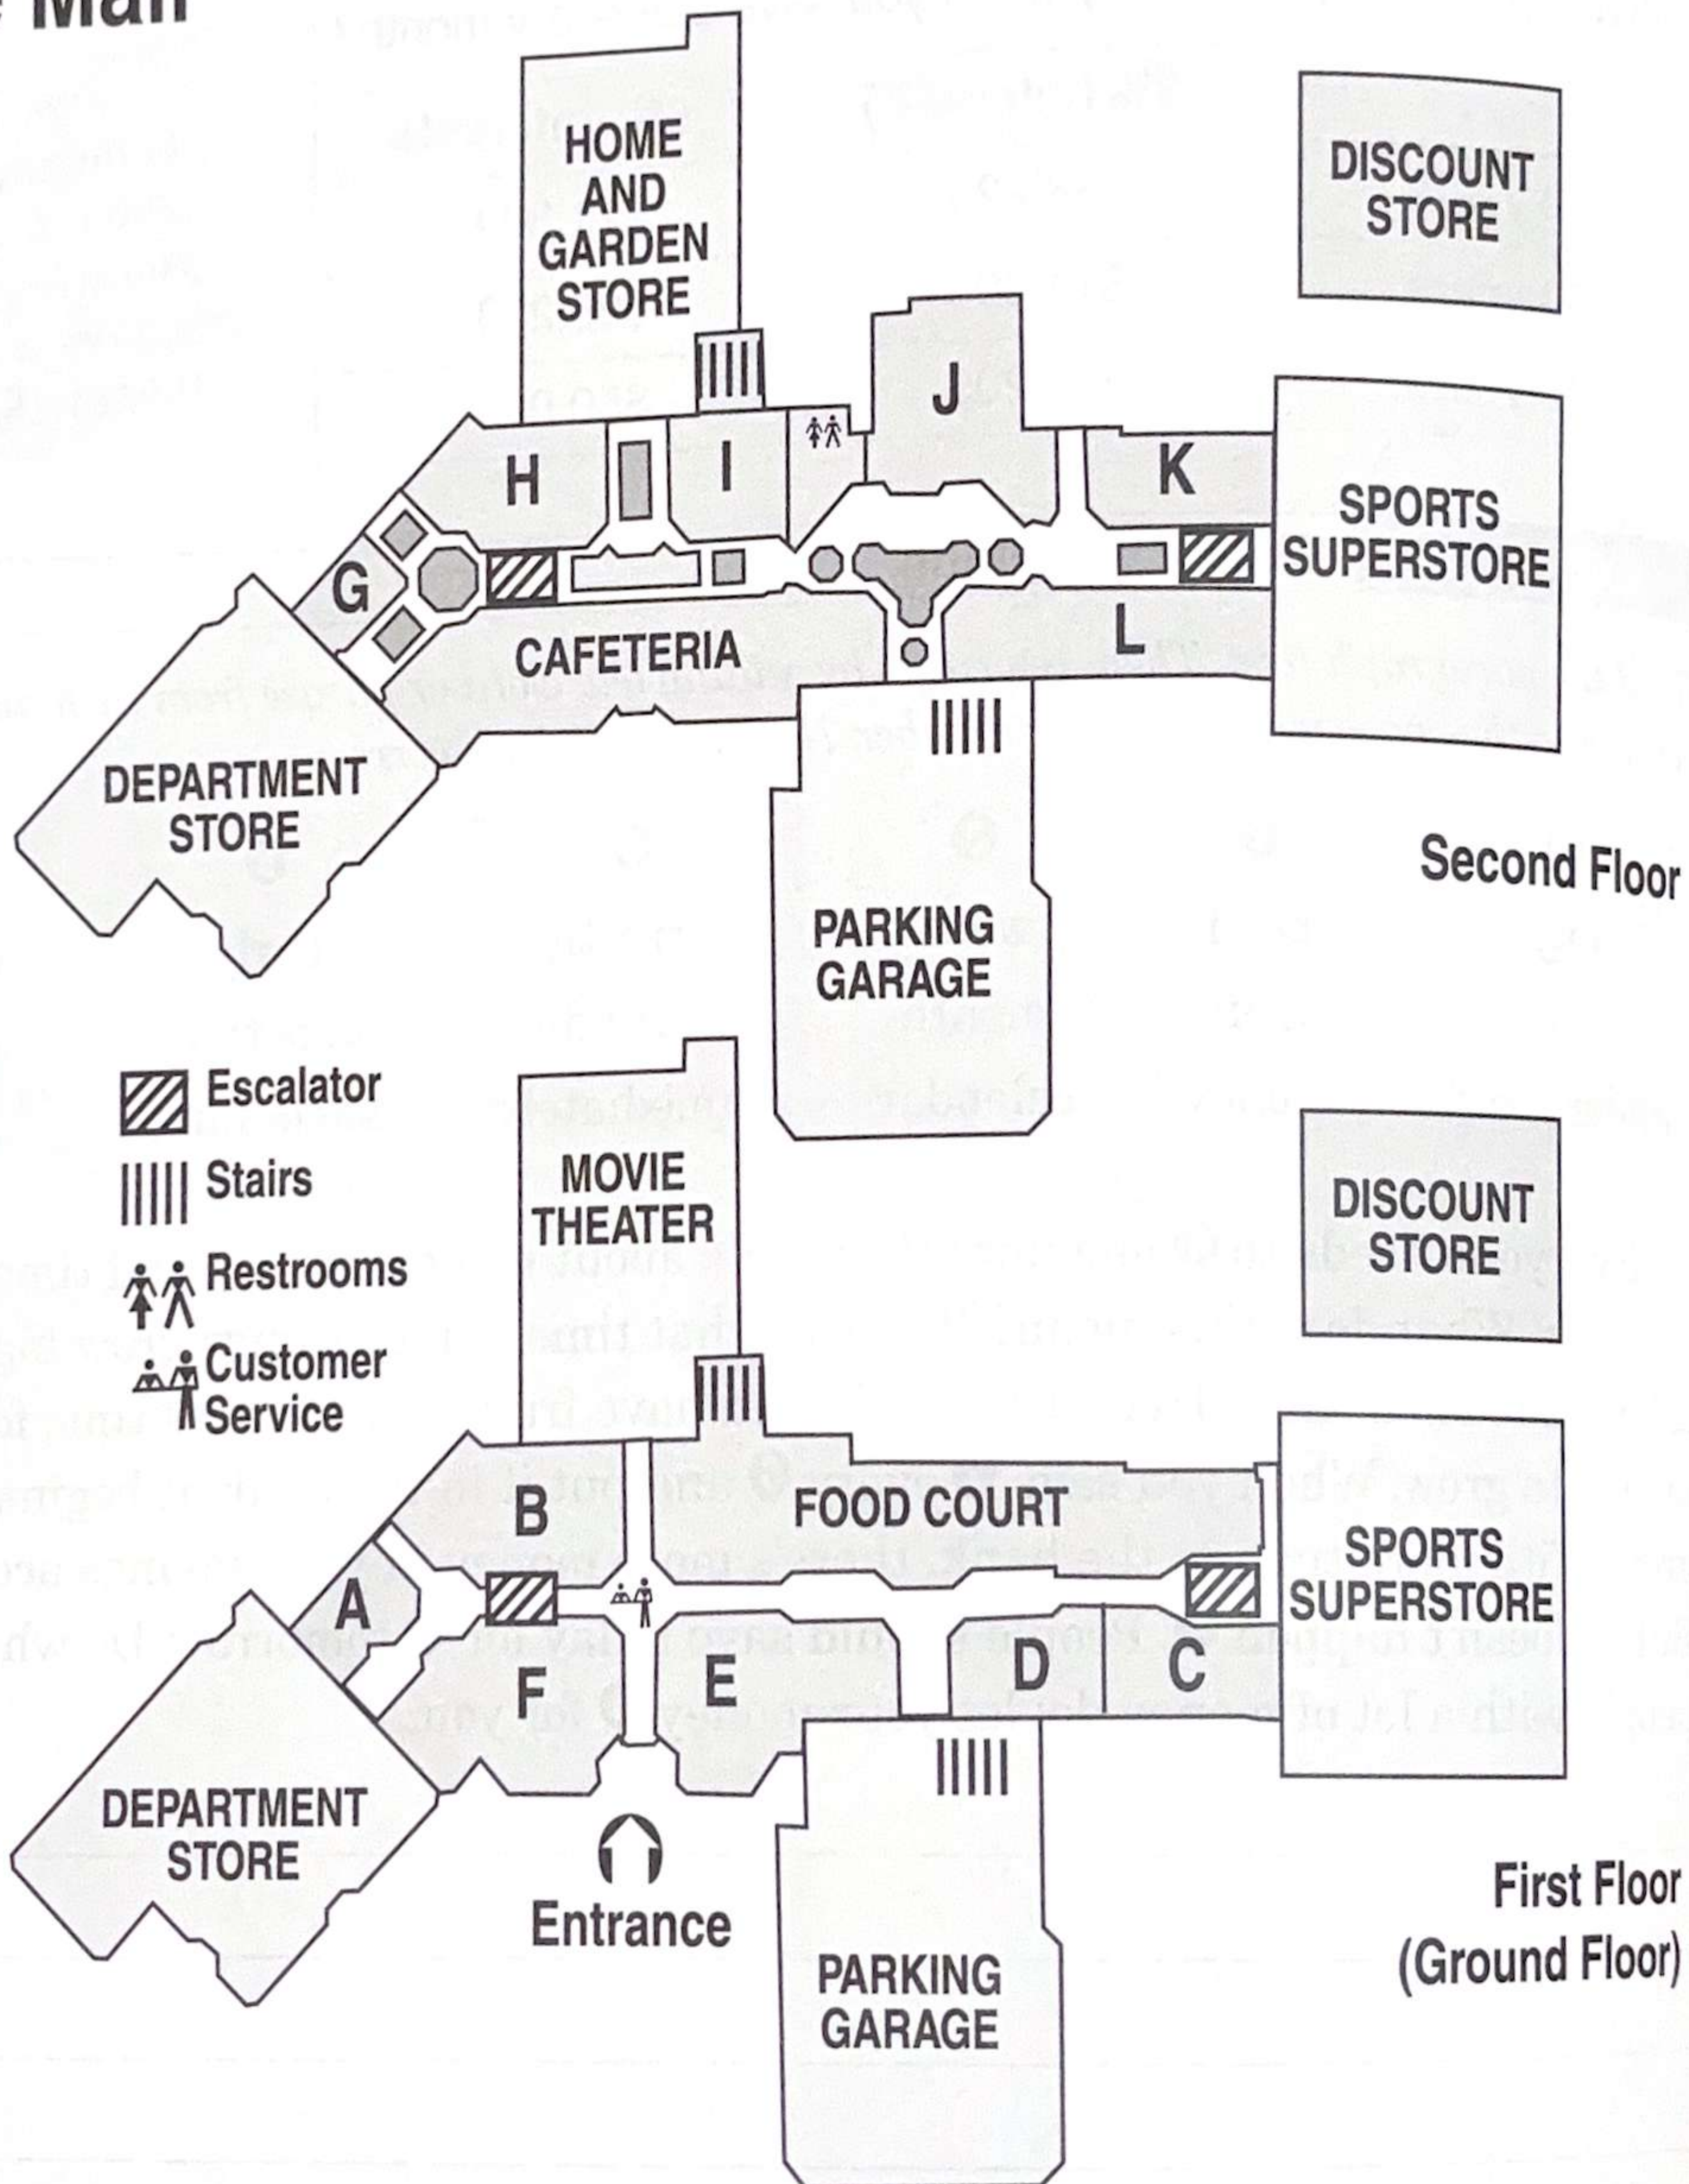

early
a better
something

⑥

work
grow
play

Everyone needs to ① one important rule about money: money and time work together. What does this mean? It means that time makes things grow bigger. It takes time for a small tree to grow big and have fruit. It also takes time for money to grow. When you save ② every ③ and put it in the bank, it begins to grow. With more time in the bank, there's more money in your savings account. But it doesn't happen ④. People should save today for ⑤ tomorrow. Do what people with a lot of money do: let your money ⑥ for you.
